What is status of solar

Public Staff reviewing;  
down to last five  
projects

Should we sleep on it?

I don't know what else  
can be done; I think it's  
time to move, now that  
meetings have taken

I spoke with Womble  
earlier this morning  
about the trust  
structure. They are  
going to have an easier  
time getting through a  
conflicts check if the  
designees are named  
and in place, most likely.  
How soon do you all  
think we could put  
those names together?  
My sense is that might  
ease the logjam
